CCSM Collaborative Performance – Virtual Orchestra & Choir *Anthem*

Anthem, written by Kristin Simpson, is an original composition written for 63 different vocal and instrumental parts, and specially designed for musicians of all ages. The piece reflects on the trying times music educators and student musicians have experienced over the course of the past year.

Performers include CCSM students, faculty, and community members.

"Music is a more potent instrument than any other for education, because rhythm and harmony find their way into the inward places of the soul."

Private Lessons

Private Lesson Policy

Private lessons are open to new and continuing students. For new students, registration begins with advisement in the student's area of interest followed by an instructor placement. All lesson arrangements for new and continuing students are made directly with their instructor. Private lessons are available on most instruments. Suzuki instruction is available for violin, viola, cello, guitar and piano.

Registration and payment is made with the office prior to the first lesson. A one-time \$20 student registration fee is applied to each new student account. Payments are considered late if not received by the 10th of the month. A \$25 late fee will be automatically applied to the student's account for past due balances. ***There are no makeups or refunds for student missed lessons.***

Master Private Lessons

Master Teachers are available to instruct students of any age and ability who demonstrate a commitment to serious music study. The program is open to everyone, but also includes students who are considering career paths in the world of music or for those desiring to reach artist-level capacity on their voice or instrument. Master teachers are our most highly qualified instructors and possess at least a Master of Arts degree in music (or comparable certification and/or experience teaching at CCSM), widespread performing experience at the artist level, and very strong pedagogical skills.

Master Private lessons may be taken in 30, 45, or 60 minute increments and enable students to progress at a highly motivated pace. It gives the opportunity for advanced students to prepare for performances, auditions and competitions. Students explore varied repertoire and are placed in demanding arenas to accelerate their study of music.

The following instructors are in our Master Teacher Program: *Guitar*: Dr. Christopher Leible; *Piano*: Dr. Artemis Bedros; Dr. Maria Perez; Ruisha Zhang; *Piano/Voice*: Dr. Barbara Durost; Wendy Kikkert; *Voice*: Bernardo Bermudez; *Violin/Viola*: Linda Tajima; Wendy Waggener.

MUSIC & EXPRESSIVE ARTS

AGES 4 - 6

Come join us for this 4-class series to explore how music can work with other expressive art forms and become a tool for positive self-expression.

Week 1: Children will explore how music can work with visual art through hands on activities using musical instruments and art materials.

Week 2: Children will explore how music can inspire creative movement and possibly be combined with visual art to create more forms of expressions.

Week 3: Children will explore how music can be part of story constructing, telling and showing. A class story will be created with the use of multi-modality forms of expressive arts.

Week 4: Children will explore how their voice can be used in singing and creating song content—with or without words. We will create a class song as a way to celebrate and wrap up our creative exploration for the last four weeks.

BEGINNING FINGERSTYLE GUITAR

AGES 6 AND UP

This six-week course is designed for students with no previous musical experience. We will learn how to solve obstacles related to guitar playing at the beginning level, focusing on a fingerstyle approach, also known as classical. The student will learn the parts of the guitar, how to read music and tablature, proper right- and left-hand techniques, how to sit comfortably, and how to build awareness. By the end of the course, the student will be able to play through simple melodies such as "Hot Cross Buns," "Twinkle, Twinkle, Little Star," and others. This course is a great place to begin learning techniques and concepts that will open doors to all genres. *(It is recommended that students younger than 10-years old be joined by a parent or guardian to sit in on the lessons to observe and assist if needed.)*

BROADWAY MUSICAL THEATRE & ACTING FOR THE CAMERA

SESSION 1: CLASSIC BROADWAY AGES 7 - 13

Calling all kids! Utilizing the most recent technology (this is not an ordinary Zoom classroom!), Camp IVRT is reimagined for online learning with great success. Musical Theatre and Acting for the Camera will incorporate vocal technique, movement, and simple, engaging rhymes and songs to allow students to explore their own creativity and imagination. Students will learn basic acting techniques, learn songs from classic Broadway musicals that are fun to sing and movement that helps develop musicality and rhythm. Lots of improvisation games help students focus, learn empathy, listen, and work together. Age-appropriate songs from Broadway musicals will be utilized for curriculum in this engaging and fun class. Students will also work with a professional filmmaker to learn acting for the camera, and each child will be able to begin creating an acting "reel" that they can keep for themselves. There will also be a short recital during the final camp day for invited friends and family. Classes meet in a safe, nurturing, and creative environment and each day concludes with students affirming each other, helping to build positive thinking, trust and friendships.

SUZUKI VIOLIN PRE-TWINKLERS & PARENT CLASS

AGES 3 - 7 + PARENT

The Suzuki Method is a wonderful, exciting approach that emphasizes one's ability to learn to a very high degree! Dr. Shin'ichi Suzuki realized that all humans have a tremendous potential to learn from birth. Through the use of the violin, students learn at a young age to build their potential! By listening to recordings of the repertoire that they'll be learning, students gain understanding of style and musicianship before they learn how to play the piece! The parent/caregiver plays a vital role in this approach, being the "secretary" during the lesson, and the "home teacher", guiding the student's practices. *There will be 4 of the 7 lessons for the parent in July and 3 in August for the child.* It is important to note that this program includes a weekly private lesson and a group class. Lessons will begin with the parent so that the parent learns how to play and has reasonable expectations. Arrangements for the private lessons are made with Ms. Tajima. Please make arrangements to borrow, purchase, or rent a violin.

EXPLORING CHAMBER MUSIC

AGES 10 - 18

This ensemble is for intermediate and advanced string students (violinists, violists, cellists), and possibly pianists (upon recommendation and/or audition). The exploration of chamber music, be it trios, quartets, string or piano, opens up a world that is very exciting, giving the participants the opportunity to learn how to play music one person to a part, and work towards cooperation and learning which part is the most important (it isn't always the first violinist or the pianist that leads the group or a section of the piece!). Students who are interested must have the following abilities: 1) they must be responsible readers; 2) be willing to practice their parts independently of the group; 3) need to know how to shift and preferably know how to play using vibrato, 4) must be responsible for regular attendance. The classes need to be able to meet VIRTUALLY at this point, due to COVID-19 restrictions, so it would be imperative to be able to meet over JAMULUS (CCSM can help with the set-up.) Depending on the students' interest and levels, it may be necessary to arrange a different schedule if there is more than 1 group. *Please contact Linda Tajima directly if you know you are interested because the make-up of the personnel is very important to the success of the group.* **The deadline to contact Ms. Tajima is June 19.**
